

MS 0330R

HIGHLIGHTS

- Massive plant stature
- Strong agronomics
- Increased starch availability
- Strong disease tolerance

AGRONOMY NOTES

MS 0330R is a large robust plant with wide leaves and large blocky ear. Plants are very tall with high ear placement. Leaves are wide with an upright orientation. Leaf disease tolerance is excellent. Ears are moderate length with 18-22 kernel rows. Husk cover is longer. Position in and south of maturity zone at moderate populations.
