

HIGHLIGHTS

- Uniquely designed silage hybrid
- Advanced above-ground insect control
- Robust plant type with wide leaves
- Blocky ears with deep kernels
- Rapid spring vigour

AGRONOMY NOTES

MS 9240EZR leads early season establishment. Plants are exceptionally dark in colour. Leaves are very upright and wide for added yield. Plants are tall with high ear placement. Husk cover is long. Ears are girthy and large with deep kernels. Silage harvest window is widened with fungicide. Position in and north of zone at moderate populations (30-34k).
