

HIGHLIGHTS

- Early flowering allows movement north
- Rapid grain set for early geography
- Dependable tonnage

AGRONOMY NOTES

Ultra early flowering hybrid with exceptional grain quality and test weight. Industry-leading early season vigour adapted for short seasons. Plants are shorter in stature with a long narrow ear. Husk cover is adequate. Ears are held on a long shank which hangs at harvest. Open husks at maturity aid rapid grain drydown. Above-average test weight. Responds to increased population. Adapted in and north of its maturity zone.

FEATURES

CHU: 1975 **RM:** 71  **RIB**
