

**HIGHLIGHTS**

- Flexible positioning
- Early flowering for northern movement
- Impressive grain quality
- Tall, robust plant type

**AGRONOMY NOTES**

MZ 395X has above average seedling vigour combined with an attractive plant type. Plants are medium-tall with medium-high ear placement. Leaves are upright and very wide. Ears have impressive grain quality with deep kernels. Ears are medium length and girthy. Plants flower early for their maturity. Stalk and root strength is very good. Test weight is average. Above average grain drydown. Plants stay intact at harvest. Husks flare open. Position: Performs both north and south of maturity zone. Excels in heavier soil types.
