

HIGHLIGHTS

- Impressive fall intactness
- Strong stalks and stay green for flexible harvest
- Responds to intensive management
- Open husks allow fast grain drydown

AGRONOMY NOTES

MZ 4158DBR starts with excellent seedling vigour developing into tall plants. Plants flower later for its maturity. Ears are long and slender. Grain sets slower but dries quickly. Husks open well. Responds well to intensive management. Target higher populations (34-37k). Responds to additional N and fungicide. Position in an south of zone.
